

SATEJ PATIL

Chicago, IL · +1 217 904 0744 · satejp10@gmail.com · linkedin.com/in/satejp10 · github.com/Satejp10

Summary

AI Product Manager with experience shipping AI-powered features across product experimentation, RAG systems, and agentic workflows. Built MCP integrations and Claude Skills using multi-agent architecture for planning and research automation. Evaluated AI tools across 600+ users, built KPI frameworks that projected 33% in annual savings, and shipped product improvements that lifted conversion by 35%. Background in Python, APIs, agile delivery, and cross-functional coordination with engineering and ecosystem partners. CSPO and CBAP certified.

Skills

Product Management: AI Product Management, Product Strategy, Roadmapping, Feature Prioritization, Product Experimentation, A/B Testing, KPI Frameworks, Backlog Management, PRDs, User Stories, Stakeholder Management, Agile/Scrum

AI/LLM: AI Agents, Agentic Workflows, Model Context Protocol (MCP), MCP Apps, Tools Calling, Model Inference, Generative AI, LLM Integration, RAG Systems, Prompt Engineering, LLM Evaluation, Human in the Loop Workflows

Analytics/UX: Product Analytics, Feature Performance Metrics, ROI Analysis, User Research, Competitive Analysis, Persona Development, Usability Testing, Conversion Optimization

Tools: Python, SQL, APIs, Git, GitHub, Jira, Figma, Claude, Claude Code, MCP Integrations, GitHub Copilot, Microsoft 365 Copilot

Professional Experience

AI Product Manager

FairQuanta

Mar 2025 – Apr 2026

Chicago, IL / Remote

- Built a RAG-powered feedback analysis system that processed 500+ customer interactions. Surfaced 12 product insights that directly shaped Q2 roadmap priorities.
- Cut prototype-to-production cycle time by 40% by bringing in AI-assisted dev tooling and low-code prototyping. Cross-functional teams shipped 3× faster as a result.
- Ran the landing page redesign end to end, from Figma wireframes to A/B tested copy variants. Conversion up 35%, bounce rate down 22%.
- Led roadmap sessions with engineering, design, and integration partners to prioritize 8 feature initiatives across messaging, notifications, and group chat.
- Prototyped AI-assisted product workflows for research and feature discovery, producing 3× more validated concepts per sprint and cutting concept-to-validation time by 50%.

Generative AI Product Analyst

University of Illinois Urbana-Champaign

May 2024 – Oct 2024

Champaign, IL

- Evaluated GitHub Copilot and Microsoft 365 Copilot across 600+ staff on Windows and macOS. Built the ROI analysis that projected \$1.2M in annual productivity savings and secured executive buy-in for campus-wide deployment.
- Tracked feature performance metrics including usage, adoption rate, time-to-resolution, and satisfaction. Hit 85% user adoption within 3 months by spotting friction early and adjusting the rollout.
- Worked with legal and IT security to shape AI governance policies for platform-level rollout across multiple device environments.

UX Researcher

Siebel Center for Design, UIUC

Jan 2024 – May 2024

Champaign, IL

- Turned 20+ stakeholder interviews into 5 personas and journey maps that shaped product requirements for 7 campus innovation initiatives.
- Ran A/B tests across 4 design iterations with 1,200+ participants. Bounce rate dropped 30%, engagement rose 20%.
- Led cross-functional design sprints with 15+ stakeholders across engineering, design, and business. Generated 30+ concepts and picked the top 5 using impact-effort prioritization.

Projects

Claude Skills (MCP): Published 12 Claude Skills on GitHub with MCP integrations, tools calling, and multi-agent architecture. Built with Claude Code. · **AI Product Portfolio:** End-to-end case studies across RAG workflows, AI-assisted prototyping, and consumer AI feature teardowns with metrics.

Education

MS, Technology Management – University of Illinois Urbana-Champaign

Aug 2023 – Aug 2024 GPA: 3.5/4.0

BE, Computer Science – Savitribai Phule Pune University

Jul 2017 – May 2021

Certifications: Certified Scrum Product Owner (CSPO®) · Certified Business Analysis Professional (CBAP®)
